We at SRIMCA believe in imparting value-based education with core values. We focus on comprehensive teaching and holistic development. We believe in transforming the lives of students and their family members of the resident of this tribal area with education opportunities. We want to serve the nation and industry with advance research and social outreach activities.

Teaching for us is a tool to mold and transform the personalities of a human being. The education system was of the kind that would help shape the character and conducted by empowering learners from rural areas to be self-reliant and capable of self-empowerment rather than employee seeking citizens.

We have been able to put in a transparent and accountable system of evaluation and compilation of results; speedy and confidential assessment by examiners. After completion of examination and assessment as a part of the transparent system, we show answer book to students, so they can understand where need to improve and marks calculations. Continuous evaluation criteria are announced well in advance. A calendar is prepared for a unit test date and informed students so that they get enough preparation time.

2.4 Evaluation System

The examination section, in consultation with the university departments, draws up an annual plan for holding semester / Annual examinations at the beginning of any academic year. This plan is followed meticulously and results are announced well in time.

Each of the papers has a total weight of 100 marks with 60% set aside for university through final qualifying examinations and 40% for continuous internal assessment consisting of unit test, Quiz, case study, and internal exams. Thus, the examinations in the university comprise two components: external and internal evaluations.

The performance of students in respective subjects is based on the letter grading system which comprises Regular Internal Evaluation (RIE) and End Semester Evaluation (ESE). In order to clear that subject, a student needs to secure a minimum of 40% score in RIE and ESE considered together for MBA minimum of 50% score in RIE and ESE considered together. The paper of ESE would be of 3 hours duration for a theory subject and practical examination for 2 hours for each batch.
