## Report on Two days Hands on training for "Non-Destructive Testing" on 27-28 February 2023

Date: 01/03/2023

Date: 27/02/2023 to 28/02/2023 and Time: 9.00 AM to 4.30 PM

Venue: A-4 and lab, Bhulabhavan, Maliba campus, UTU

Event Organized by: Department of Physics, UTU

Event Speaker 1): Mr. Harshit Desai and from Linq engineering services pvt ltd.

Event Speaker 2): Mr. Ghanshyam Jethva from Linq engineering services pvt ltd.

Event Coordinator: Mr. Jignesh Jariwala, Department of Physics, UTU

Total Student Participation: Total 35 (11 Female + 24 Male)

Department of Physics, Uka Tarsadia University has organized Two Day Hands on training programs for "Non-Destructive Testing" on 27-28 February for Methods for Ultrasonic Testing, Magnetic Particle testing, Dye Penetrant testing and Radiography Testing.

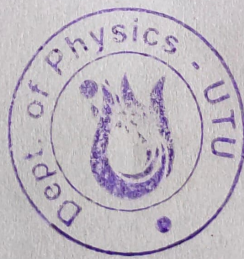

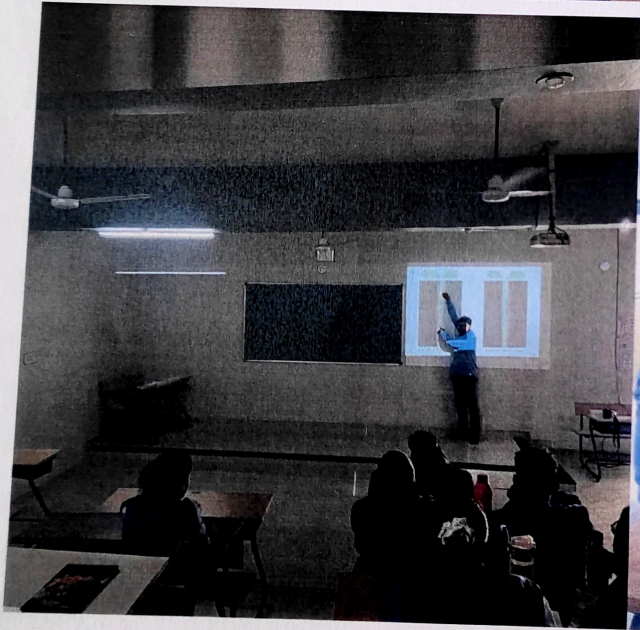

Training includes theory lecture as well as demonstration and hands on practice to understand the concept deeply and practically.

Students of Department of Physics (DoP) and Mechanical Engineering engaged whole Training. Students got enormous knowledge about the techniques for Non destructive Testing and also bridge the gap between theory and hands on practice.
