

Department of Physics Uka Tarsadia University, Bardoli

Date: 30 December, 2023

Event Name: Faculty interaction on Quantum World by Prof. Apoorva Patel

Date: 29 December, 2023

Time: 3:00 PM to 4:30 PM

Venue: Maliba Conference Hall

Event organized by: Department of Physics, UTU

Event coordinator: Dr. Abhitosh Kedia (Assistant Professor, UTU)

Total student participated in the event – 29 staff members (9 Female + 20 Male)

Report

Department of Physics organized a faculty interaction program with a distinguished scientist Dr. Apoorva D Patel, Professor at the Centre for High Energy Physics and Convener of the Quantum Technology Initiative from the Indian Institute of Science, Bangalore. He graced the campus of Uka Tarsadia University with his presence. The visit marked an auspicious occasion, as faculties from the Science department eagerly gathered to engage and interact with the Professor. Sir, is known for ground-breaking research in Quantum fields like Quantum computation, Languages of genes and proteins, Black hole thermodynamics, etc., and captivated the audience with a stimulating discourse on the latest advancements and discoveries. His presence inspired the budding minds and fostered an atmosphere of academic enthusiasm and knowledge exchange. The visit was a testament to the university's commitment to providing its community with opportunities to interact with pioneers in various disciplines, fostering a culture of innovation and learning.

Overall, the visit left an indelible mark, enriching the academic environment and energizing all attendees to explore deeper into the realms of science and research.
