Uka Tarsadia University

"Congratulations to **Dr. Sachinkumar G. Modha** for receiving Thieme Chemistry Journals Award-2020 from Thieme group of publications, Germany"

This award is given to promising professors at the beginning of their career and selection is based on their scientific achievements of recent years. Every year the editors of the three thieme journals (from Germany), that is Synthesis, Synlett and SynFects, decide whom to select for the awards for next year. Few are selected from around the world. The awardee receives a certificate and free subscription of all three journals for one year. Find attached email and award certificate. Total five are selected from India for this award for the year 2020.

Check the below link for further details about the award

Betreff: Thieme Chemistry Journals Award 2020

Dear Professor Modha,

It is with great pleasure that I can tell you that the editorial boards of *Synlett*, *Synthesis*, and *Synfacts* have chosen you as one of our "Thieme Chemistry Journal Awardees" in 2020!

Individuals in this category are promising professors at the beginning of their career, and every year we pick a few of them to receive free print and electronic subscriptions of all three journals as a gesture of encouragement. The official awarding document will soon be sent to you by regular mail.

For further details about how to activate access, please contact Dr. Susanne Haak from the publishers (Thieme Verlag in Stuttgart) at susanne.haak@thieme.de.

My warm congratulations and best wishes for your continued success,

Ben List

Editor-in-Chief

SYNLETT

Certificate received from Thieme group, Germany

Certificate

The Thieme Chemistry Journals Award, established in 1999 with the aim to encourage young scientists, is granted to prospective chemists, who have been recognized as high-potential researchers in the field of synthetic organic chemistry by the editorial board members of SYNTHESIS, SYNLETT and SYNFACTS.

Thieme Chemistry Journals Award

Sponsored by the Thieme Group in collaboration with the editors of SYNTHESIS, SYNLETT and SYNFACTS

This is to certify that

Sachinkumar G. Modha

is an official recipient of the Thieme Chemistry Journals Award 2020.

Stuttgart, January 14, 2020

A handwritten signature in black ink, reading "Susanne Haak".
