Fiftyfourth Annual Convention of Chemists 2017

All correspondence in connection with the **54th Annual Convention of Chemists 2017** may kindly be made at the following
E-mail address : icsconv2017@rediffmail.com

To
All the Fellows of the Indian Chemical Society and
Fellow Chemists of all Academic Institutes

Dear Colleagues,

This is to bring to your kind attention that as in the previous years the Annual Convention of Chemists is being organised this year also. The Department of Chemistry, Uka Tarsadia University, Maliba Campus, Bardoli-394 350, Surat, Gujarat has kindly agreed to host the Convention (*54th Annual Convention of Chemists 2017*) during the period December 23–25, this year. The Convention would consist of scientific sessions that will include several Endowment and Invited Lectures, besides presentation of contributory papers. The Society intends particularly to encourage the budding young chemists of our country by organising special award sessions to accommodate the contributions by the young scientists. We believe that the Convention would provide an effective platform for exchange of thoughts among the participating chemists which would generate newer ideas and open up new fields of research.

We earnestly hope that chemists from all parts of our country will participate in this Convention to make it a grand success.

The relevant information regarding the Convention is furnished in the sequel.

With regards,

Yours sincerely,

Professor Chittaranjan Sinha
Honorary Secretary
Indian Chemical Society

CALL FOR PAPERS

A copy of Abstract (100-150 words, diagrams may be added of size 5 cm × 4 cm) along with the duly filled in **Form-A** should reach the **Honorary Secretary**, Indian Chemical Society, 92, Acharya Prafulla Chandra Road, Kolkata-700 009, within **October 31, 2017**. A soft copy must be sent to **icsconv2017@rediffmail.com**. Abstracts received after the aforesaid date will not be considered. Abstracts should accompany **Form-A** along with a charge of **Rs. 300 for each of the authors** who are not Fellows in good-standing of the Society/Members of the Institution of Chemists (India). The aforesaid paper submission fees are to be sent by CTS DD/Multicity CTS Cheque in favour of **Indian Chemical Society, A/c Convention of Chemists Fund payable at Kolkata. Multicity CTS Cheques on any Bank at Kolkata will also be accepted. Author's name will be deleted from the Abstract, if such charge is not received along with the Abstract and no future correspondence will be made to the authors in this regard.**

While sending the abstract (Oral/Poster), the author should indicate the Section (Inorganic/Physical/Organic and Biochemistry/Analytical and Environmental/Industrial and Applied Chemistry). The name(s) and address(es) should follow the title of the Abstract. The Principal author should be marked with an asterisk(*) and the author who would be presenting the paper should be underlined. Not more than two papers will be accepted from any author in single or joint authorship among all the sections combined.

Poster Specification : 1 m × 1 m space would be provided for each poster.

The Scientists-in-Charge will inform the authors regarding the acceptance of the Abstract (Oral/Poster) or otherwise of their contribution. If the intimation is not received within the deadline, the author may directly contact the Honorary Secretary, Indian Chemical Society for information.

Under no circumstances, the Abstracts should be sent to the Scientists-in-Charge directly. Please mention E-mail ID and Phone/Fax No. of the Principal author of the Abstract.

Abstracts along with Form-A may be sent to the Honorary Secretary, Indian Chemical Society only by E-mail (icsconv2017@rediffmail.com). Only those who have no E-mail facility, may send hard copies of the Abstract along with Form-A.

REGISTRATION

Registration fees (non-refundable) for attending the Convention of Chemists are as follows :

Registration	Rs. 2000
Late Registration	Rs. 2500
Registration from Industry	Rs. 5000
Registration for Foreign Delegates	US \$ 500

Registration is compulsory for each participant.

Registration Fee along with Form-B must reach the **Honorary Secretary** of the Society at Kolkata on or before **December 11, 2017**. The supply of Registration Kit is not ensured if the Registration fee is not received within **December 15, 2017**.

ABOUT UKA TARSADIA UNIVERSITY

Uka Tarsadia University Campus is on the Bardoli-Mahuva Road. It is about 7 km from Bardoli and 35 km from Surat. The University is well connected with the government and private bus services from Bardoli and Surat.

Uka Tarsadia University was established in 2011 by Bardoli Pradesh Kelavani Mandal, with an objective of meeting the growing demand for quality education. The University offers a comprehensive array of academic programmes across the disciplines of Chemistry, Biotechnology, Microbiology, Pharmacy, Nursing, Physiotherapy, Management, Commerce, Engineering and Technology, Architecture, Fashion Design, Interior Design, Computer Science, Physical Education and others that lead students to self-enrichment and productive careers in their respective professions, government, business and industry. It continues its efforts towards creating and providing a world class, dynamic and conducive learning environment for educating and training the future professionals of the nation. The campus has state-of-the-art infrastructure and instrumental facilities and provides serene atmosphere for academic excellence. Campus also houses a huge library, classroom with multimedia facilities, well equipped laboratories, CPCSEA approved animal house, a modern computer lab and a language lab, canteens, playground, auditoriums and seminar halls.

ABOUT DEPARTMENT OF CHEMISTRY

Department of Chemistry is one of the leading departments in the university, which offers graduate and post graduate courses viz. B.Sc. Chemistry (English Medium), M.Sc. (Organic Chemistry, Pharmaceutical Chemistry, Industrial Chemistry) and are planning to start M.Sc. Analytical Chemistry and M.Sc. Nano Science and Technology in coming sessions. Over the years the department has progressed at rapid pace with the development in the both spheres of infrastructure facilities and the academic programmes. The department is also having facilities to pursue the student for Ph.D. program. The faculties of department is actively engaged in the field of research on Synthetic Dyes, Polymers, Green Chemistry, Pharmaceutical Sciences, Novel drug formulations apart from academic responsibilities. The course curriculum is well designed by eminent experts from various fields of academic institution to industrial arena to satisfy the goal of competitive examinations viz. NET, SLET, GATE, GRE etc. To meet growing demands of industries and to develop research attitude in students, our students are continuously motivated for research literature survey using on-campus Wi-Fi internet facilities, and for it minor project work is included in course curriculum of Semester-1, 2 and 3, while in last semester (4th semester) of M.Sc. programme, they will have to undergo dissertation. It also caters the need of trained, skilled and knowledgeable human resource to the industries, R&D sectors, and teaching faculty at academic institutes. As affirmed in the mission statement, department believes in holistic education, that is to impart quality education and create strong foundation of cultural values in our students to support future of our society and country, and to establish as premier educational and research institute, recognized globally for its excellence in all

endeavors. Accordingly, on one hand when thrust is given to technical-academic activities like participation and organizing seminars, conferences, workshops, industrial visits etc., on the other hand students are motivated to do social service. The department is also inviting eminent scientist and well known resource persons on regular basis over and above the well qualified regular staff members to provide an insight into varied aspects of academia directly or indirectly related to profession and to educate students meaning of purposeful and fulfilling life.

ABOUT SURAT CITY

Surat – The City of Silk and Diamonds

Surat, the second largest city of Gujarat state is located in the western part of India. Lying on the banks of Tapi river, Surat is renowned for silk and diamond. The panoramic Tithal beach is just 100 km from this city. Ahmedabad and Vadodara are 255 km and 140 km respectively from this city. The Gulf of Cambay almost surrounds the city.

In spite of facing various natural calamities and economic downfall, Surat regained its prosperity every time. However, today the city is one of the busiest commercial hubs of India. Nearly 92% of the world's diamonds are cut and polished here.

One of the state's oldest cities, Surat, has been India's ancient trading center. Since long, traders from across the seven seas had links with this city. Known for silks, textiles, spices and exquisite diamond cutting and polishing, Surat was described as "a storehouse of the most precious production of Hindustan" by a Portuguese traveler Barbosa in 1514. The city's industrialization began nearly a century later when the Britishers set up the first factory in 1612. Surat has been one of the most prosperous of India's cities in the 17th and 18th century. In Mughal times, Surat was the main port from which pilgrims sailed to Mecca.

Textiles for ceremonial and utility purposes, wood lacquer and ivory handicrafts, embroidery and jewellery had demand in the world market then. Fine silver and gold jewellery crafted in Surat is still a rage here, but this southern most city of the state is today more known for diamond cutting and polishing industry besides the jari and art silk produced there. The History of Surat dates back to around 3000 BC. The yester-years of Surat are simply magnificent. The capital city of South Gujarat and the ninth largest city in India, claims its existence from the logbooks of sailors and merchants who came down from various regions especially the Arabian Sea and the Indian Ocean in search of business and trade opportunities.

Nevertheless, the city has witnessed many ups and downs in its history. It represents of some of the most famous events in India like the Dandi March Salt Satyagraha movement for independence led by the great Mahatma Gandhi are to name a few.

The Economy of Surat

Situated on the banks of Tapi river, it once was renowned as western India's major ports and trading hub during the 17th and 18th centuries and the first European settlement in India. The city caters to a populace of approximately 4.9 million.

According to local and international Newspaper reports, Surat is the fastest growing city of Asia. Although the pace of advancement is a bit slow and steady but recent years have witnessed signs of revival and have given a boost to many great development in Surat to new heights.

Surat is one of the largest industrial capital of Gujarat, with a GDP of Surat is 12% which is 4% higher compared to the national GDP. Even the international bodies like UN are aware of the growth rate of Surat, at an alarming 400% and UN has termed it as the "Fastest Growing City of the World".

Diamond Cutting and Polishing Industry

Surat is economic capital of Gujarat and is best accredited as Diamond and Silk City of India in the state of Gujarat. It is widely famed for its jewellery market and diamond cutting as well as ivory and wood inlay work. It is at the heart of India's thriving diamond-polishing industry, which in 2005 cut 92% of the world's diamond pieces and earned India \$15 billion in exports.

Rich Silk and Textiles Industry

Surat is known for producing world-class synthetic textiles. It is famous for its silk weaves like the Tanchoi and Gajee sarees and Kinkhab brocades sometimes woven with gold and silver threads.

Immense Infrastructure Thrust

The Surat district is surrounded by Bharuch, Narmada (North), Navsari and Dang (South) districts. Adajan, which is situated on the other side of the river is having a population of approximately 6 lacks.

Adajan

One of the fastest developing area that is strategically located in the premium locality of Surat, just 15 minutes drive from Railway station, Bus station and 20 minutes drive from Airport.

Given the huge popularity of this emerging city, a number of business entrepreneurs and corporate entities are looking at Surat as a place that offers immense opportunity of growth. Approximately 25% of total population of Surat resides in Adajan area, majority of middle and upper middle class.

As an investment destination, Adajan offers nice opportunities with a fair share of risk which is perhaps one of the reasons for investments being limited. Adajan, which is already connected with old city through 4 number of bridges and construction of another bridge is on the verge of getting underway.

Pylon Bridge

The cable-stayed twin pylon bridge (like Kolkata's Howrah Bridge) has been proposed near Tapi river joining Athwa and Adajan areas. The bridge is proposed to be 700 meters long and will have four lanes.

Adajan is enriched with well planned infrastructure and modern development. This cable-stayed bridge project brings out plenty opportunities of development in Adajan. The distance from Athwalines end of bridge to proposed site is 2 km where Big Bazaar, Iscon Mall etc. are 4 km away from the same end.

Science Center

Under construction, the total built-up area is about 17,000 sq. meters. Will include a museum, an art gallery, a planetarium, an auditorium and an amphitheatre.

Corporate entities like Reliance, L & T, Essar, Kribhco, NTPC, are at Hajira 20 km away from Surat.

Surat also offers best tourist attractions and is best known for its unique Surti culture and cuisines.

PLACE TO VISIT

Tourists must visit the beautiful Dutch Gardens, various Mughal monuments, the old fort of Muhammad Tughlak, Sardar Patel museum, etc. These are the crowd pullers within Surat.

Hajira Beach

This picturesque beach is 28 km from Surat. Tourists can relax amidst of the large tracts of Casurina trees.

Dandi

This historically significant place is located on the coastline near Surat. It was here the first salvo was triggered against the British Government through Gandhiji's "Dandi March and Salt Satyagraha". The place is worth visiting.

Ubharat Beach

This panoramic beach is just 42 km from Surat. This beach captivates the tourists in no time with its golden sandy beach with the palm groves flaunted as its backdrop. The journey from Surat to Ubharat reveals hidden surprises of terrain. The route has serene surroundings with colorful fauna and flora.

Tithal Beach

The beach is located 10 km away from Surat. Tourists can hang out in the golden sandy beach with the palm trees as its backdrop. They can also relax in the cottages available here.

Vansda National Park

This national park is 174 km away from Surat in Bulsar (Valsad) district. This park sprawls across 24 sq. km. It shelters various wildlife and birds. Animal lovers and bird watchers must visit this park. Jeep safaris can be organized.

Saputara

This densely wooded hilly hamlet is located 164 km from this city in Dang district. It offers ropeway, trekking, boating, waterfalls etc., to the tourists.

Ukai Dam

An important tourist spot of the state, the Ukai dam is situated 94 km from the city. It is the biggest reservoir of the state. It was here the irrigation project named VallabhaSagarSarovar originated.

Vadodara is the nearest airport which is 140 km away from Surat. Surat is a main railway junction which is also well connected by a road network.

Unai

Another important landmark which gives antiquity to Surat is Unai with its hot spring some 64 km from Surat. They find reference in the puranic literature and are believed to have been created by Lord Ram, the hero of the epic Ramayana, by shooting an arrow in the ground.

BARDOLI

Swaraj Ashram at Bardoli, about 34 km from Surat has become a place of pilgrimage in India. Gandhiji had launched a farmer' satyagraha in 1921-22 under the leadership of Sardar Vallabhbhai Patel.

Bardoli : The Land of Sardar Patel

Bardoli has acquired an important place in the history of India. Bardoli is located at a distance of 34 km from the city of Surat in Gujarat. Tourists and followers of Gandhiji visit this place often. Bardoli is considered to be one of the tourist attractions in Surat. The place has immense importance to the historians as well. In 1921 to 22, Gandhiji, addressed and respected as the Father of the nation had launched a protest movement against various policies initiated by the British Government. In Indian history this protest movement by Gandhiji is known as Bardoli Satyagraha. This was a movement of the local farmers of Bardoli in Gujarat. The peasant movement was led by Sardar Vallabhbhai Patel.

Sardar's ideals of strong character, patriotism, value-based education and dynamic social change have been inspiration to many social, economical and educational organizations in this region. Sugar factory which brought in 'Sweet' revolution in India and made India the largest sugar producer of the Asia was cradled in this region under visionary guidance of Naranbhai Lalabhai Patel, Gopalbhai Ranchhod Patel exemplary efforts by Dr. Dayaram Patel and other leaders of Bardoli Pradesh.

HOW TO REACH SURAT

Air : Various domestic airlines connect Mumbai, Delhi and Bhavnagar to Surat.

Rail : It is on the western railway line of Mumbai-Delhi and Mumbai-Ahmedabad.

Road : State Transport buses and private luxury coaches from Surat connects various centers of Gujarat. Surat is approximately 297 km from Mumbai, 155 km from Baroda and 275 km from Ahmedabad.
