Online Education

1. Does all programs/courses were completed on time.	Yes
--	-----

2. Measures taken to complete the syllabus of courses and programs.		Our college is affiliated with Uka Tarsadia University. Prior to the start of the academic year, the director was in charge of the timetable committee. We will plan a detailed timetable here with the timetable committee, director, and other faculties, including the academic timetable, co-curricular, theoretical, practical, examination, remedial classes, and extracurricular activities. Based on the academic calendar, the teacher will make a lesson plan. A detailed distribution of the syllabus among all faculties is included in the lesson plan. Faculty members take care to complete the syllabus on time. Unit tests, internal exams, projects, and assignments comprise the formal evaluative process, but students are free to solve their doubts beyond classroom hours. The progress of the curriculum is regularly monitored by the director. Above all, our goal will not be completed if the students do not attend the classes; hence, the attendance percentage is strictly measured and monitored. This is another important measure for completing the syllabus. If the syllabus is not completed, we take additional classes to finish it.	
3. The period of delay in completion of syllabus (in months).		0	
4. The period of delay in conducting exams (in months).		0
