

Career Guidance Session

Ms. Bhoomi Patel delivered session on career guidance for last year of BBA students at Umrakh College situated at Bardoli on 19th February, 2020. Career choice should be made after carefully considering every minute detail, situation, interest and scope. Unfortunately, most students fail to get this right at the right time and end up in courses and professions that neither satisfies their passion nor keep them motivated so main two questions must be answered before selection of career i.e what and why? Session was interactive and informative for students
