

Awareness Campaign “Say No to Plastic”

For a greener tomorrow, an awareness campaign on “Say no to plastic” was organized by MBA department of Uka Tarsadia University as on 11th of October, 2019. Students participated enthusiastically to propagate this noble cause. Rally was initiated from Bardoli railway station whereby students narrated the bad consequences of using single use plastic and requested to avoid the use of same. Procession then progressed on the streets of Bardoli so the people could listen to the slogans and inculcate this worthy message in their daily life. Furthermore few students accompanied by faculty, approached shop owners on the streets and convinced them to give cloth or jute bag rather than polythene bags.
