

Department of Management, SRIMCA, UTU

Department of Management had organized workshop on “**Application of Various tools in Research work**” by **Mr. Rajeev Shah** on **01st August, 2017** from 9:30 to 2:15 pm at **SRIMCA**. 124 students from MBA & Integrated MBA and faculty members have participated in this workshop.

Workshop started with discussion of research projects, usage of tools used while preparing research report and by asking various questions to the students.

He further demonstrated simple yet useful techniques which are of great importance to students while preparing their research report and into their corporate journey too. He started with explaining indentation, how to use and why to use, how to make automated index, citations, header and footer, section break. Students were having hands-on-experience as they also practiced the same during session.

The discussion was followed by question answer session.
