### Report on Enviro Engineers Training Program

**Date- 21<sup>st</sup> December 2023**

**Venue- Hotel Marriot (Surat)**

**Expert Speaker- Dr Rozy Patel**

**No. of Participants- 250**

On December 21, 2023, the Department of Humanities organized an engineer's training program at the prestigious Hotel Marriot (Surat). The expert speaker of the session was Dr. Rozy Patel, the Dean and Director of the Department of Humanities. The event was attended by a total of 250 Operations and Management Engineers of Enviro, one of the leading companies in Environment solutions. The program focused on the topic: Teamwork. The program aimed to enhance the teamwork skills of Enviro's Engineers. She introduced practical frameworks, such as role distribution, clear goal setting, and conflict resolution, which are essential in optimizing team dynamics. The event highlighted the importance of environmental problem-solving. This event fostered meaningful exchanges among engineers and underscored the Department of Humanities' commitment to developing soft skills crucial for professionals in technical fields.
