Date: 11th August, 2017

One Day Workshop on Financial Econometrics

35 students of B.V. Institute have participated in two days workshop on Financial Econometrics organized by Department of Management on 10th and 11th August 2017. During the first day of the workshop, Mr. Krunal Patel took full day about overview of Eviews, how enter data set as well as how draw diagrams, etc. followed by practice session and second day of the workshop Dr. Prashant Joshi (Prof. & Head, Department of Management) took full day session on regression analysis and its assumption. During the workshop, he covered various topics like, correlation, covariance, how to interpret the output of regression analysis and it's assumption with the real time examples. Even during the session, he assigns exercise with real time example taken from yahoo finance so that students can apply their learning of the session. Student discussed the problems and was happy to get their doubts solved. At last all students were very satisfied and approached to organize such sessions again.
