Distribution of Woolens to Construction Site Workers

All the students and faculty members tried to make a difference in the lives of construction site workers at Maliba Campus. Following activities were done recently.

Workers (sixty -seventy) were given old clothes like bed sheets, pants, shirts, saris, punjabi suits. Their tiny tots were given lots of kids wear on 15/12/2012.

Today on 27/12/11 workers were given socks, sweaters, jackets and foot wear.

It was a pleasure to see the smiles on the less fortunate ones.
