## **Creative Expressions of Spiritual Teachings**

B.V. Patel Institute has a tradition of fostering and nurturing spiritual values among students. Sixty students of first year BBA were imparted value education as a part of an elective course. The creativity of students was harnessed and they created excellent models depicting various teachings of the spiritual guru 'Shrimad Rajchandra'. An exhibition of their creative expressions was held on 20/09/2011. A large number of disciples of Shrimad Rajchandra visited the exhibition along with our patron Shri Bhuladada. The visitors were overwhelmed with the creative expressions of the students and congratulated them. At the end a spiritual discourse was given by Shri Bhuladada. He appreciated the efforts of students and expressed satisfaction that they young generation was marching on the right path.
