

Interaction with Kanai School Students

An interactive session with Kanai School students under social outreach programme (Spoken Communication) was held on 22nd Oct. 2011. The objectives were:

- To practice different techniques of getting and imparting information about various situations in daily life through communication.
- To teach and to interact with less fortunate children of our society.
- To appreciate the significance of ‘joy of giving, sharing and teaching’.
- To increase self- esteem among students by helping the indigent children.

Outcome:

- First Year BBA and First Year BCOM Students internalized basic communication theory through practical experience which helped them to recognize their strength and weaknesses.
- It enriched students’ vocabulary
- They realized that kindness activities make a person more complete and happy.
- Both, Kanai Students and First Year BBA and First Year BCOM Students enjoyed the programme.
