An Interaction with Patron

Our prayer assembly of 22nd August 2012 became a special event when Shri Pramodbhai

Patel joined the session. He addressed the assembly and congratulated students for joining one of the finest institutes of learning in the region.

Shri Patel narrated a few incidents from his experiences and asked students to be like a toothpick and chewing gum—meaning thereby to extract and get rid of useless things and stick to those which enrich our lives. He shared his views on ‘ego’ using very simple and heart touching analogies.

Appreciating the morning session Shri Pramod Bhai said that it was very well conducted by Ms. Divya Gadaria – our senior faculty member.
