

Sanket Sunil Agate
Integrated Msc Organic Chemistry
Department of Chemistry , UTU

I'm emotional and touched to talk about my 5 years journey in Department of Chemistry , UTU.

How was five years ?

Best , I learnt alot about Field and even developed as a person. Made so many friends , Had Great events , Had best moments in Laboratory and had delicious food at various canteens in campus.

What I will miss most about Department ?

What will i miss ? I will miss being there . I will miss each & everything. From every faculty to that beautiful campus , From photography at selfiee point to dancing in pusham. From attending lecture to bunking classes. Everything will be missed.

What changes we should do in Department of Chemistry ?

We can provide question banks but let them find answers from book banks , Provide them books.

Teach students about various departments of industries and show them actual instrumentations.

Don't prepare them for jobs , Help them in projects and try to find investors and help students to do start ups.

Thanks Giving :

I would love to thanks Anand sir for involving in every extracurricular activities and for developing me as a person.

Bhavin sir and Dipen sir for Constant Support and for always believing in me.

Rawal sir and Dr. K R Desai sir played major role in this journey.

Dr. Paresh patel sir for teaching me importance of punctuality and discipline , It's mandatory in professional life.

The skills, qualifications and experience that i have gained as a student from studying in Department are now needed more than ever. Studying here has played a huge part in my personal and professional development. The Msc programme has allowed me to develop skills in areas such as entrepreneurship, communications, leadership and research.

Got best educational and overall personality development skills here. I have become better person here . If today I have the confidence, courage and skills to achieve my dreams in the world full of competition then credit goes to Department of Chemistry Family and Every teacher who taught me millions of things.

Thanks For Everything , These were Best 5 Years
