

Learning to learn and learning to evolve are little different and from this institute I can proudly say that I evolved as a student and got new horizons opened. All the why's and how's were explained neatly in this institute. I felt it helped and helps me a lot to my future to go in right direction.

Aslot Karan P.

B.Sc. (Chemistry)+M.Sc (Organic Chemistry)

Batch Year: 2013-2018
