

ORIENTATION/INDUCTION PROGRAM FOR NEWLY ADMITTED M.P.T.  
ASPIRANTS AT THE INSTITUTE PREMISES ON 1st JULY 2024

---

Report on Orientation/Induction Program for M.P.T. Aspirants at Shrimad  
Rajchandra College of Physiotherapy

**Date:** 1st July 2024

**Venue:** Shrimad Rajchandra College of Physiotherapy

**Objective:**

The orientation and induction program organized by Shrimad Rajchandra College of Physiotherapy (SRCP) on 1st July 2024 aimed to familiarize newly admitted M.P.T. (Master of Physiotherapy) aspirants with the academic aspects of the course, as well as acquaint them with the rules and regulations of the institute. The program also sought to introduce students to the faculty members, highlight the standards of SRCP and UTU (Uka Tarsadia University), and orient them to the campus environment and available resources.

**Program Overview:**

**Welcome Address and Introduction:**

The program commenced with a warm welcome from Director Dr Anil Kumar Mishra, He outlined the significance of the M.P.T. program at SRCP and underscored the institute's commitment to academic excellence and holistic development.

**Curriculum and Semester Activities:**

Dr. Tarpan Shah, the class coordinator & Head of PG and Research, provided a comprehensive overview of the curriculum and outlined the activities scheduled for the first semester. This session aimed to set clear expectations and familiarize students with the academic journey ahead.

**Expert Sessions:**

Three expert sessions (Gujarat State Council for Physiotherapy (GSCPT) approved) were conducted to inspire and motivate the students, focusing on specialized areas of physiotherapy and research:

**Session 1: Physiotherapy Management in Shoulder Instability**

**Dr. Niraj Bhansali**, Founder, and CEO of Spinex Spine Care International, Surat & Legendary Physiotherapist, enlightened students about the diagnostic criteria and various physiotherapy management approaches for shoulder instability, emphasizing both short-term interventions and long-term care strategies.

**Session 2: Recent Advances in Neurological Rehabilitation**

**Dr Sagar Naik**, CEO & Head of the Asian Physiotherapy & Research Institute, discussed prevalent neurological conditions and advanced rehabilitation techniques to enhance patient outcomes. This session aimed to update students on

current practices and innovations in neurological physiotherapy.

### **Session 3: Research Tool Optimization to Improve Research Output**

**Dr. Tarpan Shah**, Associate Professor, Head of PG & Research at SRCP, guided students on utilizing technology effectively to optimize research output. Dr. Bhavik Jhaveri coordinated this session, which focused on enhancing research skills and methodologies among the students.

### **Conclusion:**

The orientation/induction program at SRCP for M.P.T. aspirants on 1st July 2024 successfully achieved its objectives of acquainting students with the academic framework, institutional norms, and campus resources. The expert sessions not only provided valuable insights into specialized areas of physiotherapy but also motivated students to excel in their academic pursuits and research endeavours. This program laid a strong foundation for the incoming M.P.T. Batch 2024-26, ensuring they are well-prepared to navigate their educational journey at SRCP with confidence and enthusiasm.
