DATE: 14th & 19th December 2022

NO. OF STUDENTS PARTICIPATED: 75

SEMESTER: 8th

WORKSHOP CONTENT:

For 4th-year B.P.T students, an expert session on "Optimal Use of ICT for Learning" was organized.

The session's expert, Dr. Tarpan H. Shah (PT), offered his invaluable knowledge and experience concerning various ICT tools, PT databases, software, and related Websites, as well as Android applications, and how to access them and extract the data pertinent to physiotherapy. He clarified the distinction between IT and CT. He gave a hands-on demonstration of how to sign up for and use several platforms. Additionally, he gave them advice on how to use ICT to advance the area of physiotherapy. It was an excellent session with a superb interactive question and answer time that allowed the participants to actively learn.

This will further spark interest among the participants in learning and putting these updated tools and strategies to use so they can operate more effectively.
